

Praise and Excuses

When I originally wrote this section, it was to thank Ginny Firlit, the friendly and darling 4th Group secretary, for her outstanding and much appreciated job of typing the multilith mats for the Watusi News. We do appreciate what she has done; however, those days are over. The new policy that just came down states that secretaries will not type sqd newsletters since they are busy with an increased work load. The result is that I hope you will excuse all mistakes in this issue as it is one thing to write something, but something else to type it. My thanks to cadets Redden, Ross, and Schafer for their assistance.

Next Issue

Some of the prospects for the next Watusi News include : Phase Three, 2nd and 1st class Academics, a report on the McChord trip, and a complete schedule of spring intramural record events and team rosters.

That's all for this issue, English lovers, for I am rapidly becoming inspired in mine corage to "slepen al the nyght." Until next time, here wishing the best to all of you from all us Watusis in 24th.

UNGAWAH! UNGAWAH! UNGAWAH!
